

Elements

An International Magazine of Mineralogy, Geochemistry, and Petrology

Volume 13, Number 5 • October 2017

Mineral Resources and Sustainability

Guest Editor: **Georges Calas**

301

Mineral Resources and Sustainable Development

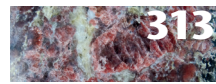

Georges Calas

307

How to Sustain Mineral Resources: Beneficiation and Mineral Engineering Opportunities

Johan P.R. De Villiers

313

Responsible Sourcing of Critical Metals

Frances Wall, Alain Rollat, and Robert S. Pell

319

Global Trends in Metal Consumption and Supply: The Raw Material–Energy Nexus

Olivier Vidal, Fatma Rostom, Cyril François and Gael Giraud

325

Improving Mitigation of the Long-Term Legacy of Mining Activities: Nano- and Molecular-Level Concepts and Methods

Gordon E. Brown Jr., Michael F. Hochella Jr., and Georges Calas

331

Educating the Resource Geologist of the Future: Between Observation and Imagination

Michel Jébrak and Jean-Marc Montel

Elements is published jointly by the Mineralogical Society of America, the Mineralogical Society of Great Britain and Ireland, the Mineralogical Association of Canada, the Geochemical Society, the Clay Minerals Society, the European Association of Geochemistry, the International Association of GeoChemistry, the Société Française de Minéralogie et de Cristallographie, the Association of Applied Geochemists, the Deutsche Mineralogische Gesellschaft, the Società Italiana di Mineralogia e Petrologia, the International Association of Geoanalysts, the Polskie Towarzystwo Mineralogiczne (Mineralogical Society of Poland), the Sociedad Española de Mineralogia, the Swiss Society of Mineralogy and Petrology, the Meteoritical Society, and the Japan Association of Mineralogical Sciences. It is provided as a benefit to members of these societies.

Elements is published six times a year. Individuals are encouraged to join any one of the participating societies to receive *Elements*. Institutional subscribers to any of the following journals—*American Mineralogist*, *Clay Minerals*, *Clays and Clay Minerals*, *Mineralogical Magazine*, and *The Canadian Mineralogist*—also receive one copy of *Elements* as part of their 2017 subscription. Institutional subscriptions are available for US\$165 (US\$180 non-US addresses) a year in 2017. Contact the executive editor (jro. elements@gmail.com) for information.
